

KEY FEATURES

The Copa pendant luminaire is a stylish and functional highbay luminaire and is ideally suited as basic light for commercial spaces, such as in shops, receptions, showrooms and similar areas with medium-high ceilings. The Copa uses a premium Philips Fortimo SLM Module and Philips LED Driver for a guaranteed long life. This fixture comes standard with a 3 meter long suspension cable set. The caps are available separately in the transparent (PC) version with a wide beam angle (80D), or black and anodized aluminum with a narrow beam angle (38D).
